

# World Disaster Reduction Campaign 2006-2007

- To promote the mainstreaming of risk reduction into school curricula
- To promote building risk resistant schools.
- To ensure children's right of access to education in emergency situations

“Disaster risk reduction  
begins at school”

## Drawing and Painting Competition

If you are between 5 and 12 years old and you live in Latin America and the Caribbean, you can enter this competition !

You can draw / paint about:

“At school, I learn to prevent hazards”

“I know and prevent risks at my school”
